Seefeld lake heat network, Klausstrasse area
Pricing

Connection

By connecting to the energy network, you're involved from the outset and benefit from environmentally friendly heat and cold produced from 100 percent renewable resources.

Preparing for the connection

We lay a supply line into your properties – at a one-off cost and with no further obligation. The energy supply does not begin until the time of your choosing. That could be when you replace your heating system, for instance.

Connection fee in CHF

Depends on the connection and system costs	

Base prices

Base price for heating	CHF 232 per kW per year
Base price for cooling	CHF 109 per kW per year

Prices for heat and cooling

Heating (from 100% renewable energy)	CHF 0.128 per kWh
Cooling	CHF 0.093 per kWh

All prices are index-linked and exclude VAT.
(Updated January 2024)

Example calculation: connection to heat supply

Annahmen

Assumptions	250 kW
Energy consumption per year	600,000 kWh
Number of homes	50

One-off connection fee	determined on an individual basis

Base price	CHF 58,000 per year

Price for heating	CHF 76,800 per year

Energy price, total (without taking the one-off connection fee into account)	**CHF 0.224 per kWh**

Cost per home	CHF 2,696 per year CHF 225 per month

Proportion of renewable energy	100%
